

LAURA YEAGER SMITH

HOME & DESIGN

Laura Yeager Smith Home & Design is a full-service Interior Design Firm located in Downtown Hudson, Ohio specializing in residential design.

Our curated, collaborative team of designers and support staff provides integral interior design with award-winning customer service.

Our team simplifies the endless decision-making process and offers our clients a user-friendly experience. We thoughtfully consider scale, context, budget, aesthetic and other variables during our design process to ensure a cohesive finished project. We balance a personal touch with modern technology to clearly and efficiently convey concepts.

We have enjoyed working with Seth Task of Berkshire Hathaway and Chris Lachman of CSL Consulting and the entire Trentstone Team to design the Trentstone Development.

Our goal with the design of the development was to create beautiful, classic homes for modern living. The house plans can be tailored to function for empty nesters or families alike. The finishes and construction selections on both the interior and exterior can be tailored to a more contemporary or traditional aesthetic.

Trentstone is a beautiful place to call home located in the heart of Northeast Ohio.

DESIGN STUDIO

Our design studio offers our clients the space for collaboration and inspiration. Located at 44 Clinton Street in Hudson, Ohio.

SMITHS CURATED STOREFRONT

Directly next door to the LYS design studio is our retail store, Smiths Curated. Open to the public, Smiths Curated sells hand-selected furnishings, art, accessories, rugs, lamps, and gifts for the distinct home.
